## Town & Country Callings.

—This week, wheat is 33 to 40 cents a bushel.

—Mr. J. Scott returned from Winnipeg on Monday night's train.

—Don't forget the assembly of the Qu'Appelle Quadrille party tonight.

—The Industrial Exhibition at Winnipeg will be held from 23rd to 28th July.

—Next week we will publish an interesting article on the Industrial School at Fort Qu'Appelle.

—We understand that Mr. E. J. Brooks, of Indian Head, was the successful tenderer for the stock of the late Mr. G. P. Murray, Indian Head.

—Mrs. Handyside met with a serious accident on Friday last, falling down the stairs at her house. She is now at the Leland House under the doctor's care.

—Mr. S. F. Barbeau, who since November last has been in Mr. J. P. Beauchamp's store, left last week with his wife and family for their old home near Ottawa.

—Mr. L. Brown, buyer for the Lake of the Woods Milling Company, is leaving shortly, so hopes farmers who want good prices for their wheat will bring it in at once.

—We would again remind the members of the South Qu'Appelle Liberal-Conservative Association that the annual meeting takes place on Saturday afternoon next (Feb. 24th) in the Court Room.

—We have not been able to obtain the full result of the Whitewood election, but there is no doubt that Mr. J. Clementson, of Broadview, is elected by a large majority—so large in fact that the other candidates will most likely lose their \$100 deposit.

—The Royal Templars will hold a pound party in the Temperance Hall, on Monday, March 5th, commencing at 8 o'clock. Ladies with baskets, free; gentlemen 25 cents. There will be parlor games and a short programme provided. All are invited.

—Hon. Mr. Reid, of Australia, and Sir Charles Tupper, at a meeting of the London Chamber of Commerce on Friday last, strongly advocated the speedy completion of the Pacific cable, and received the hearty and unanimous approval of the crowded chamber.

—We are pleased to announce the appointment of Dr. Bell as a Surgeon in the North-West Mounted Police. We shall be sorry to miss Dr. Bell and his family from Qu'Appelle, where they have made many friends, and no enemies. May he find the work to his liking and have many years of health and prosperity.

—The Kearsarge, the U.S. warship, after 32 years active service was wrecked on Feb. 2nd, on the Roncador Reef in the Caribbean Sea. Fortunately no lives were lost. The loss of this ship recalls her most famous exploit when on the 19th June, 1864, under the command of Commodore John A. Winslow, she sank the Alabama off the harbor of Cherbourg on the French coast.

—Our old neighbor, the Hon. Maurice Gifford, is still keeping his name before the public in connection with the trouble in Matabele. In company with Sir John Willoughby he went to search for the body of Captain Williams, which they succeeded in recovering. On their return, says Reuter, they met the induna whose impi destroyed Major Wilson and his party, and received confirmation of the details already given of the gallant defence and the death of Wilson and his men, who killed eight for one of their assailants.

—The Agricultural Society of Indian Head tender a banquet to His Honor Lieut.-Governor Macintosh on Wednesday, 28th inst. The following are invited and expected to be present: Senator Perley, W. W. McDonald, M.P., N. F. Davin, M.P., Mr. Haultain, M.L.A., Mr. Neff, M.L.A., Mr. Davidson, M.L.A., W. Sutherland, M.L.A., and others. The annual meeting will be held at 1 o'clock, and His Honor will hold a reception from 3 to 5 p.m. same day in the Town Hall.

—A buyer of beef steers for stall feeding stated the other day that he had now given up buying in one particular district and for the following reason: He found that, owing as they said to hard times, the farmers had given up buying well bred bulls and as a consequence of this kind of thrift their young stock was getting worse year by year. Scrub cattle, as feeders know to their cost, are generally most unthrifty feeders, and the man who has once tackled a car load of big boned, hard haired beasts, finds he has been pouring good feed into a rat hole and is careful to buy no more cattle there.—Nor-West Farmer.

—The Canadian Government intend, it is said, to establish several dairy stations in Manitoba and the North-West, and also to send out travelling instructors to give practical information in butter and cheese making. This is a commendable purpose, and will be appreciated by the farmers.

—We learn that during the remainder of the winter Rev. E. T. Carter will preach at the residence of Mr. Pike, instead of at Mr. Hardy's, as formerly. This will be of considerable advantage to many of the adherents of the Methodist Church in that neighborhood who are not able to attend the Sunday evening service in town. Mr. Carter will preach there next Sunday morning at 11 a.m. Evening service in town as usual.

—His Honor the Lieutenant-Governor has recently made the following appointments:—To be Justices of the Peace: John F. Ross, of North Forks, Alberta; Rodney Patton and John A. Eichmeyer, of Shelo, Assa; William Dummer Jarvis, of South Edmonton. To be commissioners for taking affidavits: Robert Herbert Bonnis, of Fort Qu'Appelle, Assa; William Alexander Porter of Moose Jaw, Assa; Harry Herbert Campkin, of Indian Head, Assa.

—The purchaser of a turkey of Canadian export, whilst assisting in preparing the bird for the table, discovered in its crop a diamond shirt stud in a fine gold setting. A jeweller offered the finder £45, or \$225, for the stud, but his honesty overcame his cupidity, and he now holds the valuable piece of jewellery for redemption by the proper owner. The Liverpool house who received this bird as part of a Canadian consignment say they are ready to take a million more on the same diet.

—A terrible explosion occurred at the new grist mill at Marquette, Man., on Saturday afternoon, which shattered the mill and killed the engineer, a young man named John Reid. The people, who were attracted to the place by the noise, found that the boiler had exploded, shattering the engine house and machinery in all directions, and Reid's head had been blown off and lay several feet from the body.

## ENTERTAINMENT GIVEN BY THE ROYAL TEMPLARS.

An entertainment was given in the Methodist Church on Wednesday evening last, many of the performers being the visiting delegates to the annual meeting of the Grand Council R. T. of T. for the North-West Territories. There was a large and appreciative audience to listen to the following programme, which was prefaced by a few remarks from Mr. G. H. V. Bulyea, who occupied the chair:—

Chorus by members of Qu'Appelle Council; song, Mr. Brotherton, Regina; reading, Miss Clara Reynolds, Medicine Hat; piece, solo, Mr. Hewins, Kenil; recitation, Mr. W. J. Nelson, Moose Jaw; solo, Mrs. Bulyea, Qu'Appelle; address, Rev. F. B. Stacey, Moose Jaw; recitation, Miss Clara Reynolds; duet and chorus, Mrs. Bulyea and Mr. C. Padham (chorus: Messrs. Babbitt and Sheldford); recitation, Miss Clark; song, Mr. Brotherton; recitation, Mr. Nelson; quartette, Messrs. Stacey, Benson, Middlemiss, and Brotherton.

All the pieces were well received, and Mr. Nelson was so successful in his recitations that the audience recalled him at the close of each contribution.

Rev. A. Campbell said there were many features of the temperance question suggested when the subject was considered, and one was the hotel and saloon businesses. There was great necessity that the people should be impressed with the fact that these were separate. It was the habit for those engaged in the hotel business to plead that they were quite distinct. The temperance party had no quarrel with hotels—those places for public convenience—they wanted them maintained in all respectability and efficiency, but it was the saloon they were against. They were sworn foes to the drink traffic, and would not be satisfied till it was put down. Their purpose was to get rid of the drink traffic altogether, for it was a wicked waste of money, the part of those who indulged in it, and one of the greatest evils in society and in the church. The speaker then referred to the drawback drink proved to young people starting out in life. If they wished to have a successful business career, they should be careful in their habits and have nothing to do with drink, for those who kept from it altogether not only stood a better chance of getting a situation, but also of retaining it.

Rev. F. B. Stacey said as there were doubtless many present who were not members of their order he would endeavor to give them a definite idea of the work. First of all they believed in organization. Permanent, thorough and extended work, under all circumstances, could be best effected by organiza-

tion, hence the temperance people had bound themselves together in order to accomplish the purpose they had in view. Their object was to try and bring into the Council and into temperance work, thought and sentiment those they met and with whom they had influence, whether total abstainers, moderate drinkers or drunkards. Hence they met the question of prohibition and the liquor traffic. They recognized the fact that there was a close relationship between the license system and the people; that the people controlled the country, and that the electors were the responsible parties. There was, however, a strong connection between national character and national destiny, and the destiny of the nation would be determined by the character of the people, and on this account, they maintained, it was important the matter should be attended to, and the future contemplated. Their necessary position was to use the ballot in support of the men who were in line with their principles and policy—the total prohibition of the drink traffic—and thus obviate surrendering their children to drink, death and damnation by putting down that abominable curse—the liquor traffic. At the close of the preceding Rev. E. T. Carter proposed a vote of thanks to those who had contributed the various items which had gone to make up such an enjoyable evening's entertainment, in his opinion, the best they had had for a long time. Mr. J. R. Brown, in seconding the vote, endorsed the rev. gentleman's sentiments, and the company dispersed after the benediction had been pronounced.

## INDIAN HEAD CURLING CLUB BAILL.

Some 45 to 50 couples were present at the Indian Head Curling Club Ball on Tuesday night, which came off most successfully. The hall was beautifully decorated, much time and care being devoted to it by those whose artistic taste was thoroughly demonstrated by the pleasing effect they produced. From floor to ceiling there was ample evidence of the decorator's art, and in addition to the lighting and other material usually used, "bonsans and staves" were displayed to excellent advantage. The combination was most effective, and gained the unstinted admiration of the visitors. The music was all that could be desired, as will be readily concluded when it is known that Mr. Williams, of Wilewauke, presided at the piano, and was ably supported by five other instruments. The dancing was greatly enjoyed by all present, and when supper time arrived there was an excellent spread provided, no lack of attention having been given in the preparation of the viands. The Town Hall is excellently adapted to a fixture of this nature, and all the arrangements were carried to a very successful issue. So enjoyable was the time spent, that it was only those who were not present who were the losers, and the Indian Head Curling Club is to be congratulated on the very satisfactory result of its first annual ball.

Itch on human and horses and all animals cured in 30 minutes by Wolfson's Sanitary Lotion. This never fails. Sold by C. E. Carthew, Qu'Appelle.

## TWO-THIRDS

OF ALL

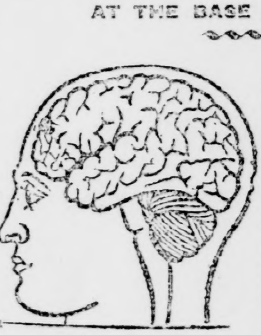

## OUR DISEASES & AILMENTS

ARE CAUSED BY

## DERANGED NERVE CENTRES

AT THE BASE OF THE BRAIN.

~~~~~

As all know, a serious injury to the spinal cord will at once cause Paralysis of the body below the injured part; it therefore will be equally well understood how the derangement of the nerve centres will cause the derangement of the different organs of the body which they supply with Nerve Fluid or Nerve Force.

The wonderful success of SOUTH AMERICAN NERVEINE is due alone to the fact that it is based on the foregoing principle. The use of a single bottle of this remedy will convince the most incredulous. It is, indeed, a veritable Nerve Food and WILL RELIEVE IN ONE DAY the varied forms of Nervous Disease and Stomach Troubles.

## Nervous Diseases.

This class of diseases is rapidly increasing each year, on account of the great wear our mode of living and labor imposes upon the nervous system. Ninetenths of all the ailments to which the human family is heir, are dependent upon nervous exhaustion, impaired digestion, and a deteriorated and impoverished condition of the blood. The SOUTH AMERICAN NERVEINE is a great nerve food and nerve builder, and this accounts for its marvellous power to cure the varied forms of nervous disease, such as Neuralgia, Nervousness, Nervous Prostration, St. Vitus's Dance, Nervous Choking, Nervous Paroxysms, Twitching of the Muscles, Hot Flashes, Mental Despondency, Forgetfulness, Sleeplessness, Restlessness, Nervousness of Females, Palpitation of the Heart, Sexual Weakness, etc., etc.

## In Bed Six Years.

HARTFORD CITY, Blackford Co., Indiana, June 8, '93.

South American Nerveine Co. GENTLEMEN: I received a letter from you May 27, stating that you had heard of my wonderful recovery from a spell of sickness of six years duration, through the use of SOUTH AMERICAN NERVEINE, and asking for my testimonial. I will gladly state how I was afflicted and how I was delivered from my pain and suffering. I was near thirty-five years old, when I took down with nervous prostration. Our family physician treated me, but without benefiting me in the least. My nervous system seemed to be entirely shattered, and I constantly had very severe shaking spells. In addition to this I would have vomiting spells, and there would be from eighteen to twenty days at a time that I could not retain anything on my stomach. Many consultations were held by physicians over my case, but they all agreed that I would never leave my bed. During the years I lay sick, my folks had an eminent physician from Dayton, Ohio, and two from Columbus, Ohio, to come and examine me. They all said I could not live. I got to having spells like spasms, and would be cold and stiff for a time after each. At last I lost the use of my body—could not rise from my bed or walk a step, and had to be lifted like a child; all the time suffering intense pain, and taking almost every known medicine. Part of the time I could read a little, and one day saw an advertisement of your medicine and concluded to try one bottle. By the time I had taken one and one-half bottles, I could rise up and take a step or two by being helped, and after I had taken five bottles in all I felt real well. The shaking went away gradually, and I could eat and sleep good, and my friends could scarcely believe it was I. I am sure this medicine is the best in the world. It was a god-send to me, and I believe it saved my life. I give my name and address, so that if anyone doubts my statement they can write me, or our postmaster, or any clinician, as all are acquainted with my case. I am now forty-one years of age, and expect to live as long as the Lord has use for me and do all the good I can in helping the suffering.

MISS ELLEN STOLTZ.

Will a remedy which can effect such a marvellous cure as the above, cure you?

C. E. CARTEW, Qu'Appelle, Wholesale and Retail Agent.

DR. HALL, Agent, Fort Qu'Appelle.

A. J. ORCHARD, Agent, Indian Head.
